Pizza & Proposals!

Monday, April 29, 2013
CCTS Conference Room
(C315, Chandler Medical Center)

11:00 - 11:45
Survey Design and Analysis
Dominique Zephyr, Applied Statistics Lab

How to design a high quality survey? This talk will provide an overview of the main principles of questionnaire design and survey sampling and examine how choices made in the design of a survey determine how to analyze the data.

11:45 - 12:30
Open consultation time with BERD members
For the most efficient consultation, please indicate on your RSVP your need for consultation and a short description of your project. The BERD will be available for consultations on study design, data analysis, statistical software questions, proposal development and/or writing, or any other statistical questions.
