MDS 220

12:00 - 12:30
Heather Bush, PhD & Candace Brancato
“REDCap in Data Capture.”
REDCap is a web-based platform that is used for data entry and electronic survey capture. REDCap has many capabilities and can offer researchers protection of their data. We will discuss experiences, challenges, and recommendations for using REDCap to manage data in large surveys as well as multi-site trials. Audience discussion to include issues encountered in data capture, data quality, and electronic survey design.

12:45 - 1:00
Open consultation time with BERD members
The BERD will be available for short consultations or questions on study design, data analysis, statistical software questions, proposal development and/or writing, or any other statistical questions. Full consultations may be scheduled in follow-up to questions asked during this time.

Pizza & Pilots (Proposals) is a regular series offered by the BERD and sponsored by the CCTS on the last Monday of each month.

What’s a BERD?

Biostatistics, Epidemiology, and Research Design

We provide

- Consultations on study design for clinical trials, community-based participatory research, and population-based (epidemiologic) studies
- Quantitative data analysis
- Protocol review

For

- Pilot studies
- Grant submissions
- Publications

By

Richard Kryscio, PhD (Director)    Heather Bush, PhD (Co-Director)
Richard Charnigo, PhD             Emily Dressler, PhD

Please RSVP to Barb Ramsey (barbara.ramsey@uky.edu) by Thursday, Feb. 18, 2016
