

## Want to Share Your Infant Feeding Experience?

Researchers at the University of Kentucky invite you to participate in a research study to learn more about tobacco use, secondhand smoke exposure, and infant feeding status in mothers living in rural Kentucky.

**You may be eligible to participate if you:**

- are between the ages of 18-45
- live in Bath, Knott, Menifee, Morgan, Owsley, or Perry County, Kentucky
- have given birth to a live infant in the past two years
- are able to read and write in English

*Participants will be compensated for their time*

**Scan the QR code to see if you are eligible to participate**
