

# Healthy Nurses Needed for Study on Back Stiffness

Researchers at the University of Kentucky College of Engineering are inviting you to participate in a study to determine how occupational activities affect recovery in back stiffness. This study requires two 30-minute visits to either: Cardinal Hill Rehabilitation Hospital, or the Human Musculoskeletal Biomechanics Lab in the Robotics and Manufacturing Building (RMB 513).

## You may be eligible to participate if you:

- Are between ages 20-60;
- Are a nurse in the healthcare field, including RN, LPN, CNA, and PCT/NCT
- Have not experienced back pain within the past year requiring absence from work

Participants will be compensated up to \$50 for their time.
