

## How was your family affected by the COVID-19 pandemic?

Researchers at the University of Kentucky are inviting you to participate in a study about the emotional impact of COVID-19 on young children (ages 1-5) and their families. With your help, researchers can learn more about how the COVID-19 pandemic has impacted families with young children.

**You may be eligible to participate if you are the primary caregiver of a child ages 1 - 5 years old.**
