

## Are You A Nurse Who is Stressed During COVID-19?

Researchers at the University of Kentucky are conducting a study to better understand the stressful experiences of working as a nurse during COVID-19. Participants in the study will be asked to answer two questionnaires. Researchers aim to help healthcare employers in Kentucky better support nurses during this pandemic and into the future. Participants will be compensated for their time.

**You may be eligible to participate if you:**

- Are 18 years or older
- Are currently employed as a nurse within the healthcare community
