

# CAREGIVER RESEARCH STUDY

## ONLY ONE WEEK COMMITMENT

If you care for someone with dementia, we'd love to talk with you about this one week study to better understand the physiological effects of caregiving

**Participation will be compensated!**

## YOU MAY BE ELIGIBLE IF...

- You care for someone with dementia who is between 60-99 years old
- The person with dementia lives at home
- You and your care partner speak English
- You are comfortable using electronic devices

An Equal Opportunity University
