

Do you have asthma and smoke cigarettes or use e-cigarettes?

Researchers at the University of Kentucky College of Medicine are inviting you to participate in a study to better understand the effects of electronic cigarettes on airway function.

You may be eligible to participate if you:

- Are 21-35 years old;
- Are a current smoker of tobacco products, and
- Have been diagnosed with mild-intermittent asthma.

Study participants will be compensated for their time.

Research investigators for this study are
M. Khosravi, MD and L.Y. Lee, PhD.
