

## Healthy Black Adults Invited for a Research Study

Researchers at the University of Kentucky College of Nursing invite you to participate in a research study to develop and test a Facebook Human Papillomavirus vaccination (HPV) intervention (#HPVvaxtalks) for African American (AA) and Sub-Saharan African Immigrant (SAI) young adults.

You will be asked to take part in a 8-week Facebook intervention and one-time group meeting.

**You may be eligible to participate if you:**

- are a Black young adult between the ages of 18-26 years old
- can read and speak English
- are comfortable using Facebook
- have not been vaccinated for HPV
