

COMMUNITY-BASED TESTING RESEARCH STUDY

You are invited to participate in a community-based research study about a testing strategy in Kentucky that is essential to minimize risks to communities, healthcare infrastructure, and the economy.

Eligible participants will receive a compensation in the form of a \$25 gift card per visit.

Participants will partake in a study that includes surveys, nasal swabs, and blood draws at each visit. Samples will be retained to assess potential eligibility for further research studies. Visits will be conducted at a community pharmacy.

You may be eligible to participate if you:

- are 18 years of age or older
- are not currently pregnant
