

Cocaine Users Invited for Research Study

Researchers at the University of Kentucky are conducting a study to examine the behavioral effects of medication and cocaine. Qualified participants will be required to stay at the UK Hospital for the duration of the study. All information will be kept confidential.

You may be eligible to participate if you are between 18 to 55 years old and:

- have no major medical problems
- use cocaine regularly
- are available to stay at UK hospital for ~5 weeks

Eligible volunteers will be paid for their time and may be reimbursed for travel.
