

Do you think you might be suffering from “hidden hearing loss”?

Researchers at the University of Kentucky College of Medicine are inviting you to participate in an study to help us diagnosis “hidden hearing loss”. Your participation in this study will allow us to determine if special audiology tests can detect hearing loss not seen on traditional hearing tests.

You may be eligible if you:

- Are at least 18 years old
- Speak English
- Have a history of noise exposure
- Have not reported “hearing loss”
